MESSAGE FROM THE CHAIR

On behalf of the Australian and New Zealand Children's Haematology/Oncology Group (ANZCHOG), you are warmly invited to partner with us for the 2024 Annual Scientific Meeting (ASM) to be held from Thursday 1 August to Saturday 3 August 2024.

Paediatric oncology and haematology are highly intertwined and collaborative specialties, with multidisciplinary care forming the backbone of therapy. The opportunity to share our collective experiences, learn about new therapies, and network with national and international colleagues is key to driving improvements in our fields. The annual ANZCHOG ASM brings together multidisciplinary professionals in research, diagnosis, treatment, and rehabilitation of children and adolescents with cancer and blood disorders from across Australia and New Zealand.

The 2023 ASM attracted over 300 delegates to Perth and delivered an outstanding program of national and international leaders in the field, showcasing the latest developments in diagnosis and management of cancer and blood disorders through translational research. Industry partnerships were fundamental to the success of this event, including an integrated industry-led program and supported networking opportunities for attendees.

The 2024 ASM will explore the theme of 'Sparking hope through cutting edge technologies and collaborative care; tangka parranthi'. National and international experts will showcase the latest developments in therapeutic technological advances and care pathways to optimise outcomes for children and adolescents with cancer and blood disorders. Speakers from a wide range of disciplines will appeal to attendees from broad multidisciplinary backgrounds.

Engagement with our industry partners is a valuable element of the ASM for our attendees, and we are excited to invite your partnership with this program. In addition, we are offering novel ways that you can partner with us to support our growing pre-ASM workshop program, and the attendee experience.

On behalf of the local Organising Committee, we welcome you to join us in Adelaide.

Please contact our meeting secretariat's partnership manager, Rebecca Teuma, by email (Rebecca.teuma@wearemci.com) or phone (+61 2 9213 4007) to discuss partnering with the 2024 ANZCHOG ASM.

ABOUT ANZCHOG

Founded in 1986, the Australian and New Zealand Children's Haematology/Oncology Group (ANZCHOG) is a non-for-profit organisation, committed to ensuring Australian and New Zealand children and adolescents receive world-class cancer care.

We are the peak professional body representing medical and health professionals who care for children and adolescents with cancer, spearheading national initiatives to enhance clinical care through communication, networking and education. ANZCHOG is also the national cooperative clinical trials group for childhood cancer, actively working with trial consortia around the world, and within our own networks, to ensure Australian and New Zealand children have the opportunity to participate in the latest promising cancer treatments.

ANZCHOG's mission is to strive for excellence in clinical care, research, professional education and purposeful stakeholder advocacy. We develop and facilitate clinical trials to work towards our ultimate goal of curing all children with cancer.

For additional information please see the official ANZCHOG website at www.anzchog.org
