Partnership and Exhibition Prospectus

Wednesday 5 – Friday 7 August 2026
Newcastle City Hall

Message From The Convenors

On behalf of the Australian and New Zealand Children's Haematology/ Oncology Group (ANZCHOG), you are warmly invited to partner with us for the ANZCHOG 2026 Annual Scientific Meeting (ASM) to be held in Newcastle, New South Wales from Wednesday 5 to Friday 7 August 2026.

Paediatric oncology and haematology are highly intertwined and collaborative specialties, with multidisciplinary care forming the backbone of therapy. The opportunity to share our collective experiences, learn about new therapies and network with national and international colleagues is key to driving improvements in our fields. The annual ANZCHOG ASM brings together multidisciplinary professionals in research, diagnosis, treatment and rehabilitation of children and adolescents with cancer and blood disorders from across Australia and New Zealand.

The 2025 ASM attracted over 400 delegates to Brisbane and delivered an outstanding program of national and international leaders in the field, showcasing the latest developments in diagnosis and management of cancer and blood disorders through translational research. Industry partnerships were fundamental to the success of this event, including an integrated industry-led program and supported networking opportunities for attendees.

This year, we explore the theme, **"Innovate, Integrate and Inspire: Elevating Supportive Care in Paediatric Haematology and Oncology"**, which highlights supportive care as a critical component of high-quality care across the entire diagnostic and treatment journey, showcasing innovations that enhance safety, wellbeing, symptom management and long-term health. Furthermore, this theme reflects ANZCHOG's commitment to advancing collaborative research, strengthening multidisciplinary practice and improving outcomes for children and adolescents with cancer and blood disorders. Set against the backdrop of Newcastle,

with its vibrant health precinct, strong research collaborations and stunning coastal landscape, delegates will explore emerging evidence, integrated models of care and inspiring approaches that continue to shape world-class paediatric haematology/ oncology practice across Australia and New Zealand.

We are proud to welcome national and international experts from a wide range of disciplines, including oncology, haematology, radiology, surgery, nursing and allied health, reflecting the truly multidisciplinary nature of paediatric cancer care. These leaders will bring a diversity of perspectives and cutting-edge research that will foster in-depth discussions and drive forward-thinking approaches to clinical care. The meeting will serve as a vital platform for sharing knowledge that transcends specialties, enabling a holistic understanding of how clinical trials impact not only treatment but also the comprehensive care of children and adolescents with cancer and blood disorders.

Engagement with our industry partners is a valuable element of the ASM for our attendees, and we are excited to invite your partnership with this program. On behalf of the Local Organising Committee, we welcome you to join us in Newcastle.

Please contact our meeting secretariat's partnership manager, **Andrea Diaz**, by email (andrea.diaz@wearemci.com) or phone (+61 2 9213 4007) to discuss partnering with the ANZCHOG 2026 ASM.

About ANZCHOG

Founded in 1986, the Australian and New Zealand Children's Haematology/ Oncology Group (ANZCHOG) is an independent, not-for-profit organisation, committed to ensuring Australian and New Zealand children and adolescents receive world-class cancer care.

We are the peak professional body and the Cancer Cooperative Trials Group (CCTG) dedicated to children's cancer care in Australia and New Zealand. We spearhead national initiatives to enhance clinical care through communication, networking and education for paediatric oncologists and health professionals. We actively work with international trial consortia to ensure Australian and New Zealand children can access the latest promising cancer treatments.

ANZCHOG's mission is to strive for excellence in clinical care, research, professional education and advocacy.

Our core values reflect this commitment:

- **Excellence** – We are driven by excellence, innovation, and quality in everything we do, ensuring that the care we support and deliver meets the highest standards.

- **Collaboration** – We partner broadly for collective success, working across borders and disciplines to foster the best outcomes for children and adolescents with cancer and blood disorders.
- **Care** – Empathy and compassion guide our actions and decisions.
- **Integrity** – We uphold the highest standards of transparency, accountability, and ethical conduct.
- **Inclusivity** – We believe in fostering an inclusive environment where every voice is heard and respected.
